Introduction to the Interlinear Bible

An interlinear Bible is a specialized edition that displays the original language words (Hebrew for the Old Testament and Greek for the New Testament) directly beneath or above the corresponding English translation. This format allows readers to see how the English words are derived from the original texts, facilitating a more nuanced understanding of biblical language, grammar, and syntax. 2. Lexical and Grammatical Annotations

Many interlinear editions include annotations such as: - Strong's Numbers or other lexicon references - Grammatical notes indicating tense, case, gender, or mood - Word breakdowns to clarify morphology
