The Rise of Augusto Pinochet and the Coup d'État

Background and Political Climate

Chile in the early 1970s was experiencing significant social and economic upheaval. President Salvador Allende, a Marxist, had been elected in 1970, leading a government that aimed to implement socialist reforms. His presidency faced opposition from conservative sectors, the military, and foreign powers, notably the United States, which viewed his policies as a threat to regional stability and capitalist interests. The economic situation deteriorated, with hyperinflation, strikes, and social unrest becoming commonplace. Political polarization intensified, setting the stage for a violent upheaval.

The 1973 Coup

On September 11, 1973, the Chilean military, led by General Augusto Pinochet, launched a coup against President Allende. The military's assault included bombing the presidential palace, La Moneda, and resulted in Allende’s death—officially reported as

martyrdom during an attack, though some accounts suggest suicide. The coup was supported covertly by foreign powers, particularly the United States, which aimed to prevent the spread of socialism in Latin America. Pinochet's rise marked the beginning of a brutal military dictatorship that would last for 17 years.

Pinochet's government was characterized by systematic repression

A Nation of Enemies: Chile Under Pinochet The military coup of September 11, 1973, that ousted Chile's democratically elected president Salvador Allende, marked the beginning of a brutal chapter in the nation's history. Augusto Pinochet's twelve-year dictatorship transformed Chile into a nation defined by repression, fear, and systemic violence. Dubbed by many as a "nation of enemies," Chile under Pinochet was characterized not only by political persecution but also by a pervasive climate of distrust, social fragmentation, and ideological warfare. This long-form analysis aims to explore the complex social, political, and human dimensions of Chile under Pinochet, shedding light on how a nation became a battleground of enemies—both real and perceived—and the lasting scars left behind.

The Rise of Pinochet and the Coup d'État

Context and Political Climate

Chile in the early 1970s was a nation polarized by ideological conflict. Salvador Allende's presidency (1970–1973), the first Marxist government elected through democratic elections in Latin America, sought to implement radical social reforms—nationalization of industries, agrarian reform, and expanding social welfare. While these policies garnered support from the working class and leftist sectors, they alarmed conservative elites, the military, and foreign interests, particularly the United States, which feared the spread of communism in Latin America. The Cold War environment intensified these fears, leading to covert operations and economic destabilization efforts aimed at undermining Allende's government. The military,

under General Augusto Pinochet, seized the moment, culminating in the bloody coup that plunged Chile into darkness.

The Coup and Immediate Aftermath

On September 11, 1973, the Chilean military launched Operation Colombo, quickly overpowering government forces and bombing key government buildings, including the presidential palace, La Moneda. Allende died during the assault, reportedly by suicide, though the circumstances remain contested. In the wake of the coup, Pinochet assumed power, establishing a military dictatorship that would last until 1990. The initial days were marked by chaos, violence, and the systematic suppression of opposition. The junta declared a state of emergency, dissolved Congress, banned political parties, and suspended civil liberties.
